## Greetings Church Family,

We've survived this heatwave summer! There were three different times the cooling center was open, and a total of about 8 people were observed and prevented from heat stroke because of that ministry. What a thing to praise God for, and a blessing to celebrate, that we got to help save lives. Immense thanks to KJ Ullfers for his dedication to that ministry and to making sure it was available.

Hymns and Hops returned with tremendous success! Photographs on the next page, but we had 5 musicians and about thirty people who came just for the event, plus another ten who were there to eat and ended up enjoying the music. We're going to continue those on the fourth Tuesday of each month.

I'm going to call a meeting for Thursday September 9<sup>th</sup> at 11am to make a plan for this year's Bible Study. I'm not sure that it will take place then, since some people have requested returning to Sunday morning, or at least a more accessible time than a weekday morning. If you have a biblical book you'd like to study, or a time to request, please contact pastor before that meeting.

We also have thanks to say to Ray and KJ Ullfers for the extra work they've done around the building lately. Ray fixed the paper box, and Julie Verbeck painted it. Ray ground down the railing outside and KJ painted after it. Then finally, KJ pressure washed the front walkway.

Finally, the youth committee is having a survey and planning event with the youth and parents on September the 12<sup>th</sup>.

God bless, and it's a blessing to report on all this forward momentum at our church.

Pastor Zane Ridings

Martha meets on the third Tuesday of each month at 2:00 pm at a member's home. Contact the church office, or Marcy for the location or look for the info in the newsletter or the webpage. ### Get Vaccinated

"I believe that ethically everyone should take the vaccine," **Pope Francis** said in an interview. "It is an ethical choice because you are gambling with your health, with your life, but you are also gambling with the lives of others."

The chairmen of the Committee on Pro-Life Activities explained: "Receiving one of the COVID-19 vaccines ought to be understood as an act of charity toward the other members of our community. In this way, being vaccinated safely against COVID-19 should be considered an act of love of our neighbor and part of our moral responsibility for the common good."

Hymns & Hops at Conversion Brewing each fourth Tuesday at 6:00pm
